DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of Invention 1 and species 6 claims 1-11 in the reply filed on 3/9/06 is acknowledged.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) The invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-11 are rejected under 35 U.S.C. 102(b) as being anticipated by USPN 6,245,095 B1 Dobak III et al.

Dobak discloses the same invention being a medical device comprising an elongated core member (42), a polymer jacket (20) free of a coil having a textured surface comprising a helical groove with rounded edges positioned proximal of the distal tip (shown in figure 1) and a coating disposed over the polymer jacket (4:1-5).
